

SAN ANTONIO

Call for Papers

The Cement Industry Committee is soliciting abstracts for the 54th annual IEEE-
IAS/PCA Cement Industry Technical Conference scheduled for May 13-17, 2012
in San Antonio, Texas. Interested parties should send an abstract of 200 words
or less to Ted Richardson at tkrichardson@edg.net by August 31, 2011. Authors
are encouraged to submit papers in the areas of: general practices, automation,
power generation and distribution, drives and related products, maintenance,
safety, energy, the environment and sustainability. Papers are selected on the
basis of interest to conference attendees and applicability to the cement industry.
Papers that address critical issues facing the cement industry and that pose
unique and innovative solutions that address those issues are especially invited.
